

Item 2:  
List of the stimuli used and their translations.

*Below are the words and nonwords used. They are all single words even though their translation may mean a phrase in English. Where the same word has been used twice, it has been incorporated in the Latin- square design in such a way that the participant in will only see, it once as either a related or unrelated prime.*

Nonwords	Related Prime	Translation	Unrelated Prime	Translation
